

Day 10

Write a function that arranges the provided array of band names, excluding the articles "The," "A," and "An" if they are the initial words of the names.

Examples

```
bandNamesSort(["The New Yardbirds", "The Beatles", "The Square Roots", "On A Friday", "An Irony"])
```

```
→ ["The Beatles", "An Irony", "The New Yardbirds", "On A Friday", "The Square Roots"]
```

```
bandNamesSort(["The Platters", "A Yard of Yarn", "The Everly Brothers", "A Monster Effect", "The Sex Maggots"])
```

```
→ ["The Everly Brothers", "A Monster Effect", "The Platters", "The Sex Maggots", "A Yard of Yarn"]
```

```
bandNamesSort(["But Myth", "An Old Dog", "Def Leppard", "The Any Glitters", "The Dawn"])
```

```
→ ["The Any Glitters", "But Myth", "The Dawn", "Def Leppard", "An Old Dog"]
```

Notes

Please ensure that the function returns the complete band names in a sorted order.
